In Memoriam

IN MEMORY

AYERS: In memory of Wirt H. Ayers, who departed this life 11 years ago today, July 30.

Beloved husband, sweet happy memories cling around your name.

True hearts that loved you with deepest affection, who love you in death just the same.

You left behind a broken heart that never did forget you and never will.

And who always think of you and who tries to be brave and contented.

Gone is the face I loved so dear
And silent is the voice we loved to hear.
Sad but true we wonder why
That the best are always first to die.
I hope to meet you some day,
I know not when,
To clasp your dear hand
In a better land.
Never to part again.

—Sadly missed by his wife and daughters.

NOTICE

IT IS THE INTENTION OF THE BOARD OF SUPERVISORS OF APPOMATTOX COUNTY TO ADOPT AT ITS REGULAR MEETING TO BE HELD ON SEPT. 10TH, 1958A THE FOLLOWING ORDINANCE, TO-WIT:

AN ORDINANCE TO BE KNOWN AS THE MOTOR VEHICLE LICENSE ORDINANCE FOR THE PURPOSE OF LEVYING AND COLLECTING A LICENSE TAX ON MOTOR VEHICLES IN APPOMATTOX COUNTY, VIRGINIA FOR THE SUPPORT OF THE COUNTY GOVERNMENT AND FOR OTHER GENERAL COUNTY PURPOSES AND PROVIDING PENALTIES.

"BE IT ORDAINED by the Board of County Supervisors of Appomattox County, Virginia that there is hereby adopted an ordinance to be known as the MOTOR VEHICLE LICENSE ORDINANCE for the purpose of levying and collecting a license tax on motor vehicles in Appomattox County, Virginia as follows, to-wit:

I. STATEMENT OF POLICY. It is the purpose and policy of the Board of Supervisors of Appomattox County to impose a license tax upon every person, firm, corporation and/or partnership owning a motor vehicle regularly parked, used or intended to be regularly operated upon the streets or highways in this County by residents of the said County, except as herein otherwise specifically provided, or by non-residents of the said County who would, under the laws of the Commonwealth, be liable for payment of a state motor vehicle license or similar motor vehicle the situs of which for purposes of motor vehicle license taxation is within the County of Appomattox. It is the further purpose of the County to levy such license tax for the privilege of operating or using motor vehicles upon the streets and highways of the County.

II. LIABLE TO LICENSE TAX. (A) The provisions of this ordinance shall not apply to tractors, rollers and road machinery used for highway purposes, tractor engines, locomotive engines, electric cars running on rails, motor vehicles, trailers or semi-trailers owned by the Commonwealth, by any political subdivision of the State or by the United States Government, motor vehicles used exclusively for agricultural or horticultural purposes, or motor vehicles held for sale by manufacturer or dealer as defined in Section 46-45 through 46-48.1, 46-67, and 46-105 through 46-109 of the Code of Virginia, 1950, as amended. Every person, firm or corporation owning a motor vehicle, trailer, semi-trailer regularly parked, used or intended to be regularly operated upon the streets or highways in this County shall make application for and procure an Appomattox County motor vehicle license.

(B) If any incorporated town in the County of Appomattox at the present time or in the future imposes like fees and taxes upon vehicles owned by residents in such town, the owner of any vehicles subject to such fees or taxes shall be exempt from such owner displaying evidence that he has paid the amount of such fee or taxes, to receive a credit on like fees or taxes imposed by this ordinance to the extent of the fees or taxes he had paid to such town. In ascertaining the 1950 Code of Virginia ,Section 46-64 as amended, if, however, a governing body of an incorporated town within Appomattox County, Virginia rescinds its license fee and tax on its motor vehicles, this Ordinance shall immediately apply to all motor vehicle owners resident in such incorporated town or towns.

III. PROCEDURE IN SECURING LICENSE. (A) The County Treasurer shall prescribe the necessary forms and procedures for carrying out the provisions of this Ordinance.

(B) All fees collected for license certificates and license plates shall be delivered to the County Treasurer. These fees shall be deposited by the County Treasurer in the same manner that is prescribed for other County monies. Also, the Commissioner of Revenue shall be supplied with a record of all motor vehicle licenses issued by the County Treasurer.

(C) The license plate issued to the license shall be displayed with the State license plate at the front or rear of the vehicle. Failure to display tins or tags shall be considered as a violation even though the license tax has been paid. It shall be unlawful for any person, firm, corporation or partnership to whom a tin or tag is issued upon the payment of any license tax prescribed in this Ordinance to give, loan, rent, sell, assign or transfer such tin or tag to another or to otherwise permit another to use in any manner such tin or tag during the license tax year which the same is issued.

IV. MOTOR VEHICLES. (A) There is hereby imposed by the Board of Supervisors of Appomattox County, Virginia, a license tax upon every person, firm, corporation or partnership owning a motor vehicle, including all trucks, truck-tractors (designated for pulling trailer equipment), trailers, semi-trailers, auto-wagon, and every other type of motor vehicle upon which a tax is imposed by the laws of the Commonwealth of Virginia, which is regularly housed or stored in Appomattox County, Virginia and used or intended to be regularly operated upon the streets and highways in this County, except as herein otherwise specifically provided.

(B) On each and every such motor vehicle, truck, truck-tractor (designated for pulling trailer equipment), trailer, semi-trailer, auto-wagon and every other type of motor vehicle upon which a tax is imposed by the Commonwealth of Virginia, except motorcycles, motorbikes or motor scooters, or other motor vehicles similar thereto, there shall be a tax of $10.00.

(C) The County license tax for the license plates to be paid by the owner of any motor vehicles, trailer or semi-trailer upon which well drilling machinery is attached and which is permanently used solely for transporting such machinery shall be $10.00.

(D) The County license tax for the license plate to be paid by the owner of any bus used exclusively for transportation to and from Sunday School and church for the purposes of divine worship shall be $10.00.

Any licensee who fails to procure a license at the time required shall not have the benefit of this section, and the license fee shall be computed from the time it should have been procured.

VII. PARTIAL INVALIDITY. If any section, phrase or part of this Ordinance should, for any reason, be held invalid by a Court of competent jurisdiction, such decision shall not affect the remainder of the Ordinance, and every remaining section, clause or part thereof shall continue in full force and effect.

VIII. EXEMPTION. Nothing in this Ordinance shall be construed to require a license tax of a person, firm or corporation exempted under provisions of the laws of the Commonwealth of Virginia.

New Rates on Postage Start; Increase Charge on Mailings

A last-minute warning that new postage rates will go into effect tomorrow, August 1, 1958, was issued today by Acting Postmaster Richard Wingfield here.

Mr. Wingfield cautioned that regular first-class letters will require 4 cents postage an ounce; air mail letters 7 cents an ounce; air mail postal cards, 5 cents each, and regular postal cards 3 cents each.

Where mail users still have on hand supplies of 3 cent stamps, 2 cent postal cards, 4 cent air mail postal cards and 6 cent air mail stamps, they may be used by the addition of an ordinary 1 cent stamp.

Plenty of these are on hand at the local post office, plus large supplies of new 4 cent stamps, 7 cent air mail stamps, 5 cent air mail postal cards and 3 cent regular postal cards.

RED CROSS NEEDS ADDITIONAL FUNDS

Due to the fact that many business establishments and individuals were not contacted during the fund drive of the American Red Cross conducted in March and due to the fact that the Appomattox Chapter is in desperate need of funds to carry out its work for the coming year, the chapter is renewing its effort to meet its quota at this time.

G. B. Buchanan, former chapter chairman, has consented to contact the business establishments of the town and it is urged that contributions be made generously.

The Red Cross Blood Program, and other chapter activities mean much to the community, and individuals are asked to give contributions to the workers who call them in directly to the local chapter.

This earnest appear is made by William A. Hunter, Chapter Chairman.

IN THE SERVICE

Atlantic Fleet (FHTNC)– Joel A. Trent, seaman apprentice, USN, Albion of T. H. Trent, of Route 2, Appomattox, is serving aboard the destroyer escort Harold C. Hazelwood, operating with the Atlantic Fleet. The Kitchen's mission with the fleet is repair and upkeep of all amphibious ships.

MORRIS REUNION

The friends and relatives of the late Charlie H. and Addie Ferguson Morris will gather at the American Legion Grounds on August 3 for their annual picnic.

VIRGINIA RANKS HIGH IN BROILER PRODUCTION

Virginia ranks among the first 10 states in broiler production.

Dr. Arthur T. Ringrose, poultry specialist at VPI, says a recent U. S. Department of Agriculture release showed the first 10 states in broiler production last year were, in order of output: Georgia, Arkansas, North Carolina, Alabama, Texas, Delaware, Maryland, Mississippi, Virginia and Maine.

Total broiler production in the United States in 1958 is expected to be an increase of 126% since 1950. The greatest production increases, 200% or more, have occurred in the Southeastern states.

The rapid increases in broiler production have been encouraged by a great extent by broiler financing contracts. It is estimated that 95% of the broilers and 97% of eggs produced are financed through the growing operation by feed companies and/or other agencies by some incentive arrangement wherein the producer no longer needs operating capital to produce broilers.

Although Virginia has not shown as rapid a rate of increase as some other states, the opportunities for broiler growing operations on an incentive pay plan are available to growers throughout the broiler producing areas of the state who have sound credit ratings. The incentive payment plan, which gives satisfactory guaranteed income to the good broiler producer with good equipment, is a stimulant to the industry and Virginia growers should take advantage of it, Dr. Ringrose believes.

Soil Bank Requirements Still in Effect

Many farmers in the state will soon receive payment under their 1958 Soil Bank agreements. W. T. Powers, Administrative Officer of the Agricultural Stabilization and Conservation State Committee, issued a reminder to these farmers today that harvesting or grazing from designated acreage is not permitted.

"The fact that payment has been received under the agreement does not mean that the agreement has expired," he said Agreements under the Soil Bank Acreage Reserve will be in force through December 31, 1958.

Under the Acreage Reserve phase of the Soil Bank Program the producer agrees during the entire agreement period to: (1) harvest no crop from the designated acreage, (2) permit no grazing on designated acreage, (3) control the spreading of noxious weeds on designated land and (4) comply with all acreage allotments except wheat allotments of less than 15 acres permitted or peanuts less than one acre.

The producer also agrees not to exceed the acreage permitted to be grown of the commodity placed in the reserve. This is usually the allotment for the crop less the acres placed in the reserve for the particular commodity.

A new feature of the program introduced for the first time in 1958 requires the producer to plant within his permitted acres of Soil Bank Base Crops which are generally row crops and small grains.

Violation of terms of Soil Bank agreements on any part of the agreement year will necessitate a refund by the producer of the amount paid and a civil penalty of 50 per cent of the payment where the violation is found to be willful.

According to Powers, ASC field representatives this summer or later in the year will again check farms participating in the Soil Bank to determine whether the regulations of the Soil Bank Act have been carried out.

Industry - Landowners Team Up For Plantings

Atlanta, Ga.- A record growth in the number of landowners in the South receiving free forestry services from the p-lp and paper industry has occured in the past five years, according to a statistical report released here by the Southern Pulpwood Conservation Association.

Henry J. Malsberger, general manager of the SPCA, said the report points up the "highly significant progress" that has been made by the association and its member pulp and paper mills in providing landowners with direct services leading to greater productivity of Southern woodlands.

For example, the 1957 report reveals that 50,696 landowners in eleven Southern states had received management assistance since the annual industry-wide survey was started in 1948, Mr. Malsberger said.

The survey also showed that Southern pulp and paper mills were responsible for planting 1,288,000,000 seedlings in the region by 1957 — an increase of 883,000,000 seedlings over the total of 405,000,000 planted by 1952.

"The significance of the figures contained in this latest report is that landowners and the industry are recognizing to a greater degree than ever before the vital importance of this growing program of mutual cooperation," Mr. Malsberger said.

MILK USE IN ARMED FORCES

The U. S. armed forces increased their use of milk by about 566 million pints in 1957 under the special program designed to stimulate wider use of milk for feeding troops.

VPI specialists who pass along the information say the plan calls for housing and centralized milking of 250 cows with 10 to 15 farmers financing the cost. Estimated cost of boarding 20 cows is $125 per month. Those who favor the plan say reduced cost, more scientific care for cows, and better breeding will be the probable result.
